

Boxer Enrollment Guide - iOS

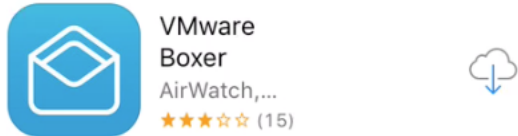

You are able to receive JPS email via the VMWare Boxer App from your App Store on iOS or Android.

Steps:

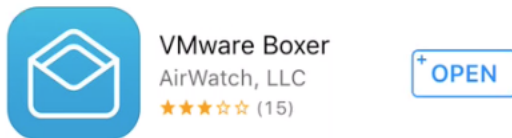

1. Launch your iOS App Store

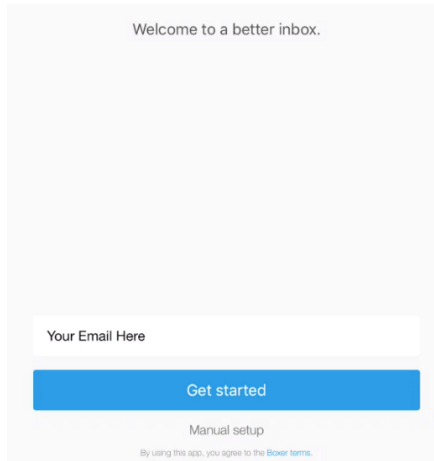

2. Search for VMWare Boxer and Download / Install

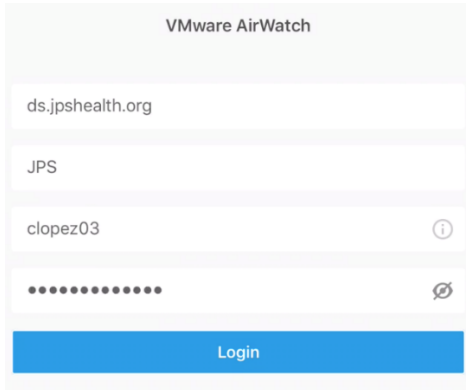

3. Launch VMWare Boxer either from your App Store or Main Screen

4. Enter your JPS email in the email box and push Getting Started

5. You will be prompted for your Username and Password input it and push Login

Login

6. Push Get Started on the “Welcome to a better inbox” screen

Welcome to a better inbox,
CLopez03@jpshealth.org

Get started

7. You will be prompted to allow calendar, contacts, and notification access. This is a default prompt provided by VMWare not by JPS and we do not access these items other than notifications to let you know an email or calendar item has arrived
